

Chicago's 1st Annual Grief and Healing Conference, the Renew Conference, Helps Those Struggling

Spiritual Medium and Mentor Stacey Lynn Cripps hosts the upcoming Renew Conference in Naperville, Illinois. The heart-warming event will bring peace and joy to those struggling.

Naperville, IL (September 2019) – Need help dealing with grief or challenging circumstances in your life? Feeling alone and desperate to feel better? Then you need to attend The Renew Conference, Chicago's 1st Annual Healing and Grief Conference taking place from 9 a.m. to 5 p.m., November 16, at the Chicago-Marriott-Naperville. RenewConference.Life. Hosted by local Spiritual Medium and Mentor, Stacey Lynn Cripps, this event helps the grief and healing process and so much more. It's uplifting, inspirational, spiritual and above all else informational.

Grief affects everyone differently and grief encompasses more than the passing of a loved one although that can be one of the major factors. It's surviving the day-to-day challenges many face including divorce, trauma, addiction, loss of job, financial challenges, health issues, depression and anxiety, etc. Plus, in the Chicago area, with the high rate of senseless acts of violence/gun violence, it especially deals with sudden/tragic/traumatic loss as so many here experience. This amazing event will address these issues and our award-winning speakers will help those who attend navigate their way out of hurt and pain and into peace and emotional well-being.

These leading international grief and trauma practitioners, best-selling authors, spiritual mentors and leaders in their fields will share their experiences and expertise and give participants the power they need to live a more purposeful, loving life. Speakers include Uma Girish, Brent M. Baum, Lynne Staley, Sherry Anicich and Stacey Lynn Cripps.

Topics Include:

- Pain is a Portal to Purpose
- The Spiritual Invitation of Trauma, Grief and Loss
- Expressing Grief: Processing the Strong Reactions that Accompany Loss
- The Other Side of the Cross
- Renew with Love from Spirit

As Cripps states, "What a difference we can make by viewing grief differently and having the tools needed and community to go beyond it. That's exactly what our event will do. It will help those with life challenges to live a more fulfilling life and see a brighter future. I'm excited to see all the miracles that the day brings."

Stacey will also deliver Spiritual Readings and bring evidential loving messages from departed loved ones in Heaven to her audience. Here is a link to her YouTube channel - <https://tinyurl.com/yaq5l5fp>
